**Preorder payment solution** is easy to install on OpenCart framework.

Merchants have to perform following Steps:

1. Download “PUT IT ON PRE-ORDER (powered by PayPal)”
2. Register at <https://lay-buys.com/> as merchant
3. Installing “Preorder Payment Gateway Extension for OpenCart”

## Step 1: Download “PUT IT ON PRE-ORDER (powered by PayPal)”

- Download the latest package from [OpenCart - Extensions Market](#)

## Step 2: Register at lay-buys.com as merchant

- Sign-up on <https://lay-buys.com/vtmob/register.php>
- Then fill your PayPal credentials (see account page)

The screenshot shows the merchant registration interface for lay-buys virtual terminal. At the top left is the logo "lay-buys virtual terminal secure cloud-based mobile payments". To the right is a circular logo with a handshake and the text "VIRTUAL TERMINAL". Below the logos is a navigation menu with options: "Enter Sale as the Seller", "Enter Sale as the Buyer", "View Payments In", "View Payments Out", "Update Your Details", "Your PayPal Details", "Change Password", and "Log Out". The main form area has a "Member ID" field with the value "00000". Below it are three input fields for "Paypal API Username", "Paypal API Password", and "Paypal API Signature". An "UPDATE" button is positioned below these fields. A text box at the bottom provides instructions: "Please go into your PayPal account and follow following process: Click on 'PROFILE', then click on 'MY SELLING TOOLS' then click on 'API ACCESS', then click on 'View API Signature'. Then simply copy and paste into the VT section of 'Your PayPal Details' the following: API Username, API Password and Signature. (If you do not have a Signature and only a certificate, please contact us)".

## Step 3: Installing “PUT IT ON PRE-ORDER (powered by PayPal)”

- Upload all the files and folders to your server from the "PUT IT ON PRE-ORDER (powered by PayPal)" folder. This can be parallel to "admin" and "catalog" folders.  
e.g. /public\_html/store or /public\_html
- Now go through admin panel and install the extension
  - Step 1 - Go through menu "Extensions > Payments",
  - Step 2 - Click on [Install] link under Action column in 'PUT IT ON PRE-ORDER (powered by PayPal)' row,
  - Step 3 - Then Click on [Edit] link under Action column in 'PUT IT ON PRE-ORDER (powered by PayPal)' row for Set the general configuration,

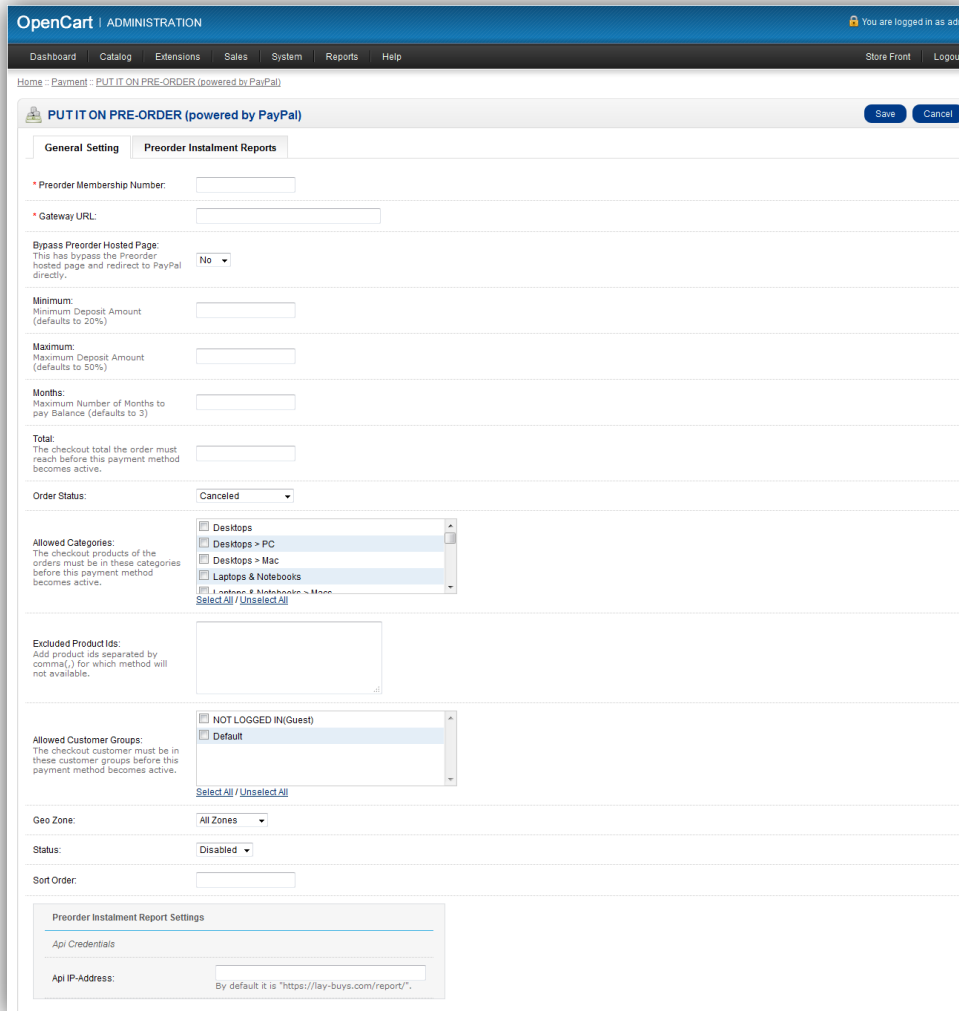

The screenshot shows the OpenCart Administration interface. The top navigation bar includes 'Dashboard', 'Catalog', 'Extensions', 'Sales', 'System', 'Reports', and 'Help'. The 'Extensions' menu is open, showing 'Modules', 'Shipping', 'Payments', 'Order Totals', and 'Product Feeds'. The 'Payments' menu item is highlighted with a red box and labeled 'STEP 1'. Below the menu, a table lists payment methods. The 'PUT IT ON PRE-ORDER (powered by PayPal)' row is highlighted with a red box and labeled 'STEP 2'. The 'Action' column for this row contains '[ Install ]' and '[ Edit ]' links. The '[ Edit ]' link is highlighted with a red box and labeled 'STEP 3'.

Payment Method	Order Totals	Status	Sort Order	Action
Authorize Net (AIM)		Disabled		[ Install ]
Bank Transfer		Disabled		[ Install ]
PUT IT ON PRE-ORDER (powered by PayPal)		Disabled		[ Install ]

PUT IT ON PRE-ORDER (powered by PayPal)		Disabled		[ Edit ] [ Uninstall ]
---	--	----------	--	------------------------

Please go to admin panel -> Extensions -> Payments -> [Edit] in 'PUT IT ON PRE-ORDER (powered by PayPal)' row to manage the payment method settings.

The screenshot displays the OpenCart Administration interface for editing the 'PUT IT ON PRE-ORDER (powered by PayPal)' payment method. The page is titled 'PUT IT ON PRE-ORDER (powered by PayPal)' and includes 'Save' and 'Cancel' buttons. The settings are organized into several sections:

- General Setting** (selected tab):
  - Preorder Membership Number:** Text input field.
  - Gateway URL:** Text input field.
  - Bypass Preorder Hosted Page:** A dropdown menu set to 'No'. A note states: 'This has bypass the Preorder hosted page and redirect to PayPal directly.'
  - Minimum:** Text input field. Subtext: 'Minimum Deposit Amount (defaults to 20%)'.
  - Maximum:** Text input field. Subtext: 'Maximum Deposit Amount (defaults to 50%)'.

- **Instalment Report Setting**
  - **Api Credentials**
    - **Api IP-Address** is the url for fetching the instalment report from lay-buys server, provided with this payment extension.

**Note:** As you can assume, this extension will only work if your store allows pre-order.

To allow pre-order go to: **System > Settings > Store[Edit] > Option > Stock Checkout**,  
and set Stock Checkout => “Yes”

The screenshot shows the Magento Admin interface. At the top, the navigation menu includes Dashboard, Catalog, Extensions, Sales, System, Reports, and Help. The 'System' tab is selected. Below the navigation, the breadcrumb trail is 'Home :: Settings', and the 'Settings' page title is displayed. The 'Option' tab is selected, and the 'STOCK' section is visible. The 'Stock Checkout' option is highlighted with an orange box, and an orange arrow points to it with the text 'Set to "Yes"'. The 'Option' tab is also highlighted with an orange arrow.

Dashboard | Catalog | Extensions | Sales | **System** | Reports | Help

Home :: [Settings](#) **Settings**

**Settings**

**Stock Checkout:**  
Allow customers to still checkout if the products they are ordering are not in stock.  Yes  No **Set to "Yes"**

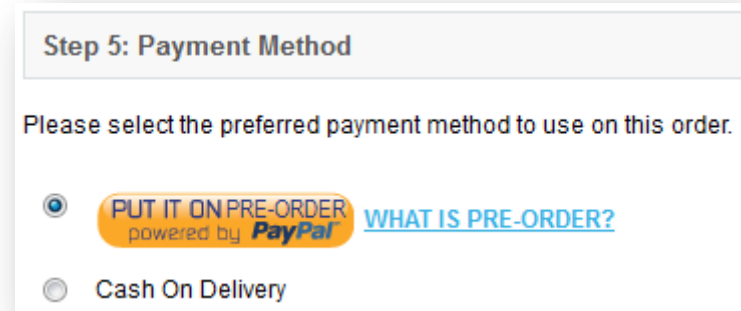

**Out of Stock Status:**  
Set the default out of stock status selected in product edit.

### At Checkout Page in OpenCart Front-end:

#### Payment Method Step

Preorder Payment method is appear in checkout step when a buyer checkout the order.

When a customer choose “PUT IT PRE-ORDER powered by PayPal” payment method as their payment option in payment step under checkout page, then customer have to choose the instalment plan for his/her payment by choosing some down payment percentage and choose months for creating instalment payment for 1,2 or 3 months at “Confirm Order” step.

Step 5: Payment Method

Please select the preferred payment method to use on this order.

PUT IT ON PRE-ORDER powered by **PayPal** [WHAT IS PRE-ORDER?](#)

Cash On Delivery

#### Confirm Order Step

Step 6: Confirm Order

Product Name	Model	Quantity	Price	Total
<a href="#">MacBook</a>	Product 16	1	1.00€	1.00€
			<b>Sub-Total:</b>	1.00€
			<b>Total:</b>	1.00€

Please Choose Your Payment Plan

\*Initial Payment

\*Months:

Plan Preview

Payment	Due Date	Amount
DownPayment	Today	0.19€
1	09/07/2014	0.27€
2	09/08/2014	0.27€
3	09/09/2014	0.27€

Your goods/services will be delivered once your final payment has been received.

 PUT IT ON PRE-ORDER powered by  -OR-

Here customer can choose any plan for payment by choosing Initial Downpayment percentage and Months for next instalments.

Instead of one single “Place Order” button , there are two buttons will appeared in this step, first one is “Put it on Preorder” and second one is “Confirm Order” when customer chooses the “PUT IT PRE-ORDER powered by PayPal” as their payment option in Payment Method Step at checkout page.

Both buttons server same purpose that is place a order on OpenCart website and then redirect to PayPal for payment . Instead of paying all the amount(grand total of order), customer have to pay the down payment amount and then a recurring profile will created on PayPal for next payments.

On successful payment a success page will appeared at OpenCart website by showing success information and on failure a OpenCart order will not placed and show checkout page for retry

## 4. Layaway Instalment Reports

**Preorder Instalment Reports** are the transaction reports which contain all the information related to Preorder detail, PayPal transaction detail, customer detail, order detail and instalment detail. When a customer choose Preorder payment option as their payment method in payment step under checkout page, then customer have to choose the instalment plan for his/her payment by paying some down payment and create instalment payment for 1,2 or 3 months.

So every transaction will stored in OpenCart website and can be managed form a panel called “Preorder Instalment Reports”.

**Please go to admin panel -> Extensions -> Payments -> [Edit] in PUT IT ON PRE-ORDER (powered by PayPal) row to manage the instalment reports.**

 There is no new Transaction.

**PUT IT ON PRE-ORDER (powered by PayPal)**

User Guide: [Pre-Order Payment Gateway Extension for OpenCart](#)

Support: <http://lay-buys.com>

Page 17

The Revise form contains the some information as editable and some of them read-only. Reference Information don't need to be edit so that these fields are read-only and these fields are used for reference on revising process.

**Total Amount** is the amount available for revising process, generally its calculated by formula

$$\text{Total Amount} = \text{Grand Total of order} - \text{Total Paid Amounts}$$

Where, Total Paid Amounts = Down Payment + (no of completed instalment \* Payment Amounts)

**Payment Type** is the method of next payment. It may be Preorder or Buy-Now.

- **Preorder:** It create a new recurring profile for balance amounts. And cancel the current profile.
- **Buy-Now:** It's the method of paying all the balance amount at one time without any instalment plan. So when customer want to pay all the balance amount in one time then admin can choose this method for current customer.

**Initial Payment\*** is the down payment percentage for new plan.

**Months to Pay \*** is the no of instalment cycles for new plan.

**Preview\*** is the preview of your plan depend upon Initial Payment and Months to Pay fields.

**Email (*read only*)** is the email of customer. It must be same through out OpenCart, Preorder and PayPal. And it is a important key for identify the customer data on Preorder and PayPal so it can't be changed from here.

\*visible on "Preorder" option, if "Buy-Now" will choose these fields get disappeared because in Buy-Now is the one time payment method so no need of instalment information.

After choosing new plan click on “Save and Send Email to Buyer” button for submit the request and send a mail to the customer’s email. Also current transaction status become “Revise Requested” . After success a message will appear with message “Request was saved and email sent to <customer\_email> for order<order\_id>”.

According to “Payment-Type” the processing of revising will works.

### Progress for “Preorder” Method:

➤ **Email Structure:** see example format

**Lay-Buy Financial Solutions Pty Ltd**  
15 Corowa Court  
Eatons Hill Queensland 4037

have requested that you authorize the following transaction

LAY-BUYS PAYMENT PLAN - 0.56 USD per month for 2 months

Transaction Total : 1.60 USD  
Applicable currency is **American Dollar**

Down-Payment : **0.48**  
Repayments : **0.56 (x2)**

To complete this transaction with your PayPal account or credit card,  
[PLEASE CLICK HERE](#)
